Stay informed about your vehicle's health — understanding these lights can save your life!

Ways to Appreciate Your Mother This Year

- Give mom a “gift certificate” for your family’s yard and garden services. Help her by laying down mulch. Put the “certificate” in a flower pot with spring-planted bulbs which flower in summer. If you’re not able to get her a gift certificate for someone who can do the physically demanding part of her garden work.
- Cook for Mom or set up a brunch date.
- **Give your mom a long phone call or get the Grandkids to put on a virtual talent show!** Most moms just want to spend time with her kids and Grandkids.
- **Get outside! Go for a stroll in the Azalea Gardens at SFA.** Fresh air always lifts the spirit. Spring is a wonderful time to visit a park and look for all those lovely spring flowers. You can keep the picnic basket simple, it’s really about the time together.
- **Make a homemade gift!** You don’t need to go out to a store and buy a gift. Mothers love gifts from the heart.
- **Make your own card.** Moms love homemade! Don’t forget to send a card in advance!
- **Make Mom a video, or a piece of art** (you know she’ll put it up in her house)! Record a video from all of the children/grandchildren. **They can each say “I Love You” and why they appreciate her.**

9 BAD HABITS THAT COULD DAMAGE YOUR CAR

- AVOIDING ROUTINE MAINTENANCE
- IGNORING STRANGE NOISES
- IGNORING ODD SMELLS
- NOT NOTICING WARNING LIGHTS
- SHIFTING GEARS BEFORE COMING TO A FULL STOP
- DRIVING ON WORN, UNDERINFLATED OR UNBALANCED TIRES
- IGNORING MANUFACTURERS' RECALL NOTICES
- FAILING TO NOTICE WET, OILY STAINS UNDER YOUR CAR
- BRINGING YOUR OWN CAR PARTS TO A GARAGE

9 Bad Habits That Could Damage Your Car by Wendy Helffenbaum for AARP

Comments From Our Clients

"Hey guys, I hope your weekend is going well! I just wanted to give you an update on the Suburban. It appears replacing that O-ring has solved the lifter noise on cold start and stabilized the oil pressure. It's running around 40 psi at idle and 60 psi or better at highway speeds. Thanks very much for all your help! You are truly the automotive go to guys!"

Rick G.

Thanks For Referring

We appreciate the trust that you show in our shop and our service when you refer a friend, family member, neighbor or co-worker!
